

J. F. Child, federal food administrator, is acting as head of the territorial food commission pending the return of Chairman James D. Dole from the mainland, and since the resignation of A. L. Castle as executive officer, Mr. Child is assistant executive officer of the territorial body. Mr. Castle's resignation does not take effect until January 1, but it is expected that the commission will meet in a few days to appoint his successor.

## Christmas Gift this year to the War Needs of Women and Men!

The Y. W. C. A. has a big part to play in the conduct of the war in keeping wholesome the social relations of the men at the training camps and making tolerable the working conditions of women at munition and other industrial plants.

A campaign to raise \$45,000 is being waged to accomplish this work.

## Put no limit to your Gift

Whatever sacrifice you make in money, it cannot equal that made by the men and women who are at the front and in munition plants, fighting for your cause.

Send your gift by mail or messenger, or hand to the member of the Committee of 100 who call upon you.

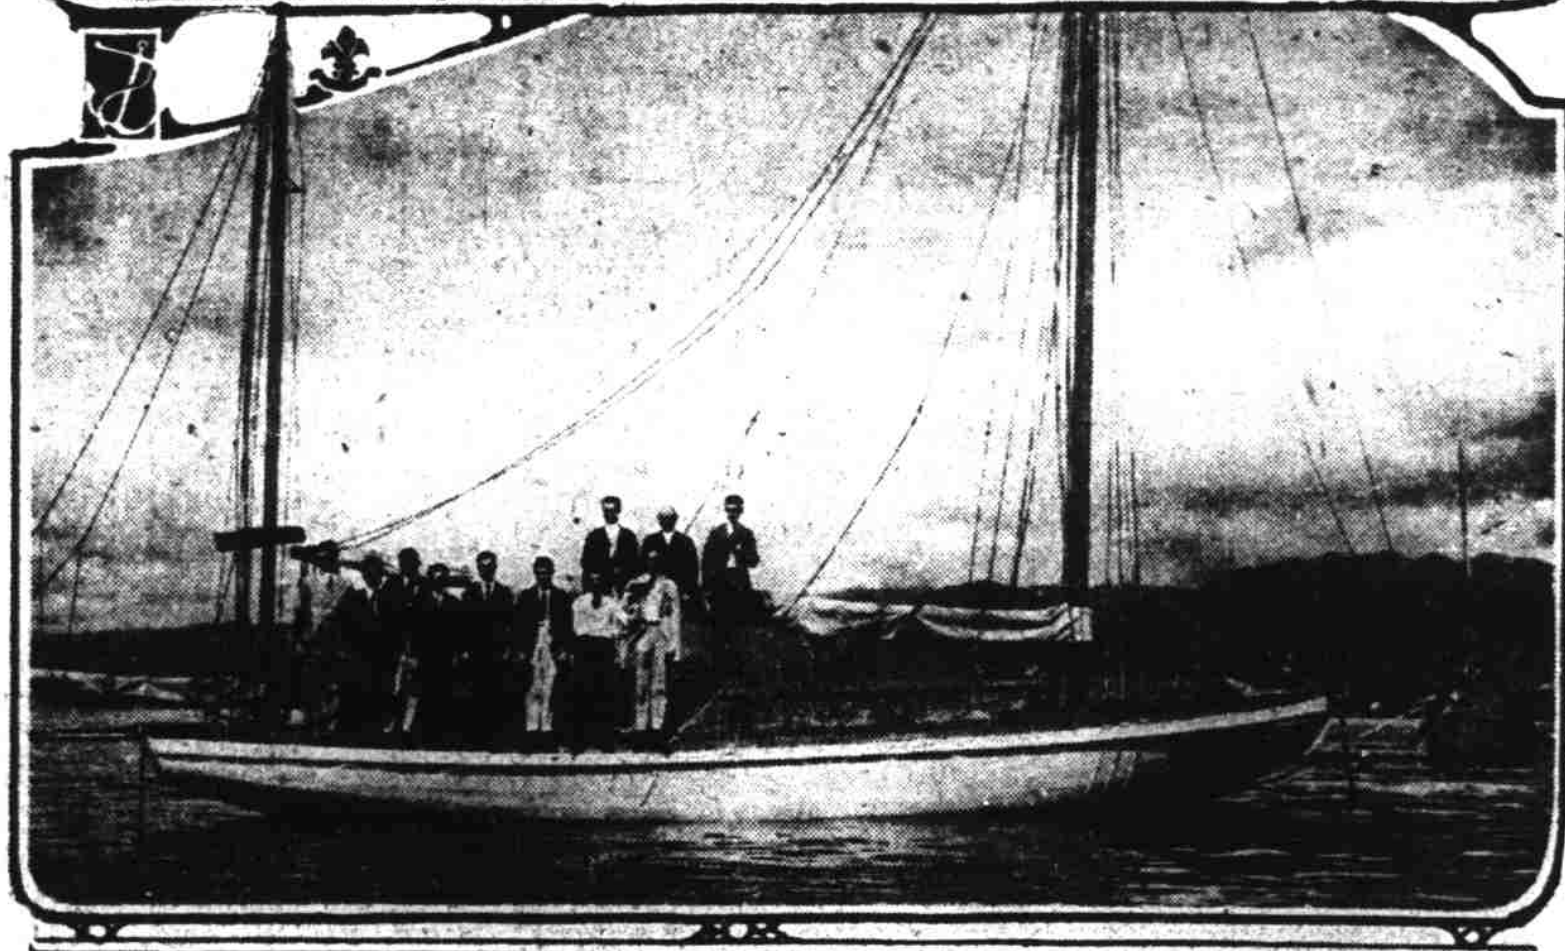

"Give to the uttermost  
and give quickly."

# MEN of HAWAII

"MEN OF HAWAII," a biographical compilation of the men of note and substantial achievement in the Territory, which has been several months in preparation by the Star-Bulletin, is nearing completion and will be off the press for distribution about Dec. 20th. "Men of Hawaii" gives the facts of the careers of men active in the various fields of business and professional life. It is the most complete and authentic record that has ever been published in Hawaii.

## Hawaii's New Sea Scouts Raise Flag And Get Ready For Marine Activity

Here are photos signaling one of the biggest and best things that ever happened in Boy Scout activities in Hawaii—the launching of the Sea Scouts here. Honolulu and Hawaii once more are shown up in the lead of the country. The photos were taken last Saturday morning by the Star-Bulletin photographer. Upper photo, left to right—Leo de Roo, Carl Mortensen, Henry Silva, Guy Gitt, Cris Willis, Ezra Crane, Leonard McQueen, Alatau Wilder. Standing behind the line are, (left), Scout Executive R. N. Burnham, Scout Commissioner H. S. Hayward and George Crozier. In the lower photo the scouts are to be seen on the Charlotte C, getting ready for a cruise.

### NOTICE.

The annual meeting of the Local Scout Council will be held at the Alexander Young hotel at 6:30 p. m.

**TROOP MEETING CALENDAR.**  
Troop VIII will meet at its headquarters at 7:30 o'clock.  
Troop III will meet at its headquarters at Mollili next Wednesday evening at 7:30.  
Troop XX will meet at its new headquarters at 7:30 Friday evening.

**Troop XX Gets New Headquarters.**  
Next Friday evening the scouts of Troop XX will meet for the first time in their new headquarters which is at the church opposite from the Queen's hospital.

Scoutmaster Soares of the troop asks that all scouts in his troop make an effort to be present.  
**Troop III.**  
At the last meeting of Troop III at Mollili, a class of fourteen scouts was organized to practise on the examination for the rank of second class. The troop is expecting some equipment by the next boat from the coast, staves and a troop flag being included.

### TROOP V.

The usual meeting was held by Troop V last Friday evening. The financial business was again discussed. Phillip Zane talked about giving a dance at the Outrigger club. The others spoke of selling the bicycles which belong to the troop.

Patrol leaders were told to have a small memorandum book to keep track of all the records of the boys in passing their tests and in paying their weekly dues. William Holt of the second patrol was changed to the first patrol, formerly held by Louis Jar-din.

E. S. Barry, formerly of Troop V, is still keeping the drum and will not return it to the troop. He had the drum repaired for quite awhile and would return it if the troop would only pay him, it was stated.

A fifteen-minute drill was given to the boys. The troop was divided into two divisions under Thompson and Mortensen. The scout house is rather small for drilling so we had to drill out in the yard. We had a fine time. After the meeting football practice began.

TYAU.  
Troop Scribe.

### KNOT TIEING IN TROOP VIII.

At the short business meeting conducted by the members of the troop a challenge was issued by the Eagle patrol to the second patrol in knot tieing. Drill followed the business meeting and knot tieing followed the drill. A close competition between the two patrols followed and they were well matched but the Eagles carried off the honor of winning with the red marks for ability in knot tieing. It was found that all the knots tied by the scouts were correct.

A meeting of the troop will be held Friday evening at 7:30.

**SEA SCOUTING WILL TAKE A STRONG HOLD HERE**  
So Says Popular Scout Officer.  
That sea scouting will take a strong hold here, and in the near future will be looked upon as a greater unit than

the troops of the land forces as they stand today, is the statement of Leo de Roo, one of the most popular Scout officers in the movement here.

Sea scouting will demand a very high standard and quite naturally will forge ahead of the mother organization very rapidly.

Experienced, clean, husky fellows will form the first troop of Sea Scouts here, and they will naturally demand that their standard be kept up, even though they will not boast of as large a membership as the land forces.

## BUY HOME-MADE CANDY THIS YEAR

Dainty home-made candies in a variety of flavors, packed in appropriate Christmas gift boxes, for sale on order at Lanika, 1041 Alakea street. Christmas fruit cakes made to order. Pretty dresses for children, toys, pictures, hand-illustrated books of Hawaiian legends.—Adv.

Shortage of railroad cars is materially reducing the output of many coal mines.

## To Save Eyes Is The Object of This Free Prescription. Try It If Your Eyes Give You Trouble

Doctor Tells How to Strengthen Eyesight 50% in One Week's Time in Many Instances.

LONDON.—Thousands of people suffer from weak, work-strained eyes and other eye troubles because they do not know what to do, says Doctor Lewis. They know some good home remedy for all their other ills, but none for their eye troubles. They neglect their eyes, because the inconvenience is not sufficient to drive them to an eye specialist, who would, anyway, charge them a heavy fee. As a last resort they go to an optician or to the five and ten-cent store, and oftentimes get glasses they do not need, or which, after a few months, do their eyes more injury than good.

Here is a simple prescription that every one should use: 5 grains Optona dissolved in ¼ glass of water. Use three or four times a day to bathe the eyes. This prescription keeps the eyes clean, sharpens the vision and quickly overcomes inflammation and irritation; weak, watery, overworked, tired eyes and other similar troubles are greatly benefited and oftentimes cured by its use. Many reports show

### GIRL SCOUTS ENTERTAIN

It is particularly worthy of note that Troop II, Girl Scouts of Honolulu, gave an attractive program of music at their headquarters in Kakaako last Saturday night. That they could, so shortly after being organized, render so many songs in chorus as well as in solo and duet, reflects credit on the leaders, Mr. and Mrs. William Knott.

The girls were attractive in simple white dresses, with black ties and yellow leis. They were assisted by some of the boys of Troop VII as well as a few other outsiders, and netted \$5 toward their equipment fund.

### DAILY REMINDERS

Dr. S. K. Ho is practising Dental Surgery at 1323 Fort street.—Adv.
